This clinic is limited to 100 tests. Pre-Registration is not necessary for this clinic.

- **Drive-thru Clinic Schedule:**

September 13th 9-11 AM Drive-thru clinic (Palatine Park, Germantown) **Pre-registration required**
using this link: <https://forms.gle/prdrJdtbaxj8um76A>

The drive-thru clinic will have the capacity to accommodate 100 tests. **Pre-registration is required for the drive-thru clinic using the link above.**

Please see the following rules and details for all of the clinics above:

Please be sure to bring a form of photo identification.

Masks are REQUIRED for entry.

These tests will be nasopharyngeal swabs which are most useful to detect the virus in actively sick people. These are not antibody tests. The kits used at these testing sites are part of those purchased with the help of private donations to Columbia County.

Symptoms most typical of cases of COVID-19 include the following:

- Fever
- Cough
- Trouble Breathing
- Loss of Taste or Smell
- and/or any symptoms consistent with the CDC guidelines

We strongly recommend anyone feeling these symptoms be tested for COVID-19.

After leaving the test site, symptomatic residents should go directly home for mandatory quarantine until results are shared with them. Essential workers should plan on

quarantining outside of work and being extremely cautious around those they come into contact with.

It may take up to five days to receive the test results. Everyone who gets tested at the site will receive their results once they are processed by Wadsworth Laboratory in Albany.

Law enforcement will be on-site along with EMS services.
