

Prevention Program RFP Q & A

Question: Are there one or two Program Reporting Unit Numbers (PRUs) for the County? Greene County has a PRU for prevention education and a PRU for prevention counseling. Is that also available for Columbia?

If no, is that an avenue the County would be willing to look into?

Answer: This depends on the service(s) the agency proposes to offer. If they offer primary prevention and other prevention (prevention counseling) they will be assigned 2 PRU's: one for primary and one for other prevention.
